

DEGALA MOHAMMAD FAHEEM

Nandyal, Andhra Pradesh, India | +91 8985891089 | degalamohammadfaheem@gmail.com | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

SUMMARY

Computer Science undergraduate and full-stack developer with hands-on experience building and deploying Flask and Node.js web applications. Skilled in React.js, SQL/MySQL, and REST API design, with a track record of shipping secure, production-ready features during a recent internship. Seeking a Software Development / Full Stack role to apply strong DSA fundamentals and a fast-learning, collaborative approach to building scalable software.

EDUCATION

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology	2023 – Expected 2027
Bachelor of Technology in Computer Science and Engineering	Chennai, India
SDR Akansha Junior College	2021 – 2023
Intermediate (MPC)	Nandyal, India
SDR World School	2020 – 2021
High School	Nandyal, India

INTERNSHIP EXPERIENCE

DIGIT IT — Full Stack Developer Intern

Hyderabad, India
June 2025 – September 2025

- Built and deployed a full-stack voting/web application using Flask, SQL, HTML, CSS, and JavaScript, taking it from design through production deployment.
- Implemented secure authentication with one-vote-per-user enforcement, preventing duplicate submissions and ensuring data integrity.
- Built an analytics dashboard to visualize live results, and designed a responsive Bootstrap UI optimized for both desktop and mobile.
- Optimized front-end rendering and database queries, improving page load and response times for end users.

PROJECTS

LLM-Powered Assistant for Visually Impaired Users

- Built an AI-powered voice assistant using Large Language Models to support hands-free, conversational interaction for visually impaired users.
- Integrated speech-to-text and text-to-speech pipelines to enable fully voice-driven accessibility support.
- Enabled real-time, AI-based information retrieval to answer user queries and assist with daily tasks.

Quiz Application with PDF Generation

- Developed a full-stack quiz platform using HTML, CSS, JavaScript, Node.js, and MySQL with dynamic question handling and real-time score calculation.
- Integrated automated PDF generation to export quiz reports and results for users.

SKILLS

Programming Languages: Java, Python, JavaScript, SQL

Web Technologies: HTML5, CSS3, React.js, Flask, Bootstrap, Node.js, REST APIs

Database: MySQL, SQLite

Tools & Platforms: VS Code, GitHub, Git

Cloud: AWS (Amazon Web Services)

Core Skills: Data Structures & Algorithms, OOP Concepts, Problem Solving, Responsive Web Design

Soft Skills: Problem Solving, Time Management, Teamwork, Communication, Adaptability

Languages: English, Hindi, Urdu, Telugu

CERTIFICATIONS

- Java Programming Fundamentals — Infosys Springboard
- Requirements Engineering: Software Engineering — Infosys Springboard
- Functional Data Structures and Algorithms — Infosys Springboard
